

Personal Insurance

Recreational boat insurance

Our lovely province is the ideal place to enjoy water activities, with its many lakes of all sizes and our St-Lawrence River - the perfect gateway to the Atlantic seaboard.

You have bought the ideal boat and you are ready to leave. But have you checked your insurance coverage? Of course, you may be able to get insurance coverage for your boat from your home insurer, but not all of them are able to provide specific coverage to adequately protect you in the event of a loss. If you have a boat of a certain value, a certain type or a certain length, it is highly recommended and often required that you deal with a specialized insurer.

As insurance brokers, we work with the best specialized insurers in Quebec and we can offer you the precise coverage you need, at a very competitive price.

We have specific policies for most types of boats, such as:

- Home and fishing boats
- Jet boats or high-performance boats
- Personal watercraft
- Pontoons
- Sailboats
- Runabouts
- Water-skiing boats
- Yacht
- Home-made boats
